**95% PARTICULATE CUP RESPIRATOR P2**

**SINGLE USE**

**HEADLOOP**

- **20 PCS**

**AND MEDICAL MASK**

PERFORMANCE TESTED TO:
- AS/NZS 1716:2012 P2
- BS EN 149:2001 FFP2 NR

**STORAGE CONDITIONS:**
Store in clean, dry conditions between +5°C to +40°C and at < 60% relative humidity.
Use original packaging during storage or transport. Do not use if packaging is damaged.

**INSTRUCTIONS FOR USE:**

1. Wash your hands thoroughly before and after putting on a respirator.
2. Adjust the noseclip to cover your nose and chin.
3. Position the elastic head-strap over your head and secure it in place.
4. Ensure the Respirator is worn in the shape of the bridge of your nose and has to allow you to breathe normally.
5. Avoid touching the mask frequently as this may reduce its level of protection.
6. If you must touch your face then you should wash your hands first and after doing so.
7. When removing the mask, unhook the head loops. DO NOT REMOVE THE MASK BY TOUCHING THE OUTER FRONT PANEL, as it may be contaminated.
8. After removing, if the mask is soiled or damaged, replace it immediately.

**ARTG NUMBER:**
- 347410

This product is NOT made with natural rubber latex.

**PERFORMANCE TESTED TO:**
- AS NZS 1716:2012 P2
- BS EN 149:2001 FFP2 NR

1. Wash your hands thoroughly before and after putting on a respirator.
2. To work as intended, a mask needs to fit your face properly. To ensure the correct fit:
   a. Adjust the mask to cover your mouth, nose and chin.
   b. Position the elastic head strap over your head and secure it in place.
   c. The mask is designed to mould to the shape of your face.
3. Avoid touching the mask frequently as this may reduce its level of protection.
4. When removing the mask, unhook the head loops. DO NOT REMOVE THE MASK BY TOUCHING THE OUTER FRONT PANEL, as it may be contaminated.
5. After removing, if the mask is soiled or damaged, replace it immediately.
